EXPERIENCE

Freight Tiger / Senior Product Designer

DEC 2023 – PRESENT | BANGALORE

- Revamped FTL tracking end-to-end (Add Journey → live tracking). Simpler flow and faster to use.
- Platform scale: handled ~1.6 lakh shipments/month; ~1.5 lakh tracked/month.
- Quality gains: Tracking improved from 84% → ~96–97%.
- Designed full PTL flows: order creation, tracking, ePOD, invoicing, reconciliation, dispute management, and courier recommendation.
- Built the Planning module for dispatch and capacity planning.
- Created a new Design System from scratch (tokens, components, states); wrote Storybook and published an npm package to keep UI consistent and speed handoff.
- Designed Control Tower for FTL exceptions: alert rules, issue cards, triage views, and audit trail.
- Designed Gatekeeper app for FTL to track vehicles inside plants
- Hackathon: built an end-to-end demo (planning → invoicing) and a dispatch planning POC for non-cuboidal and liquid cargo.
- Served enterprise users across TML warehouses, JSW and Dalmia plants, Asian Paints warehouses, and Zepto dark stores.

Konic Technologies / Product Designer, Co-Founder

JAN 2021 – DEC 2023 | HYDERABAD

- Co-founded and designed AfterCrop (WMS) for small–medium warehouses (mobile-first).
- Researched market gaps; aimed for off-the-shelf flows with easy onboarding.
- Built simple card/list UI with power features for ops; clear owner summaries.
- Focused on least disruption and portability; supported varied literacy/tech levels.
- Shipped working prototype; defined data security and cloud SaaS access patterns.

Versatile Mobitech Pvt Ltd Technologies / UX/UI Designer

SEP 2020 – NOV 2020 | HYDERABAD

Collaborated with stakeholders and developers for redesigning android apps and websites. Led the design team. Recruited and managed a Junior designer. Collaborated with foreign clients from Dubai, Nigeria and America.

- Designed QPL mobile app - Cricket quiz app
- Designed Wrkman mobile app, a platform for connecting artisans and Nigerian civilians
- Designed a warehouse management app for an apparel chain in America.

Freelance Designer / UX/UI Designer

AUG 2017 – DEC 2020 | HYDERABAD

Worked as a product designer for the Learn Hadiya project. Developed and launched web app by collaborating with a developer and stakeholders.

Avantari Medical Technologies / UI Designer

MAR 2017 – JUL 2017 | HYDERABAD

Designed apps for mobile, logos and 3D design mockups for the products. Did an animation advert in the blender and storyboarding for an advertisement.
